

REMARKS

Claims 1, 4-11, 13, 17-22, 24-29, and 32-41 are currently pending. Claims 9-11, 13 and 27 have been amended, the amendment of which is supported by page 14, lines 8-13, and elsewhere of the original disclosure. Claims 3, 12, and 23 have been canceled without prejudice or disclosure. It is respectfully submitted that no new matter has been added.

Rejection under 35 U.S.C. 101

The Patent Office rejected claims 9-13 and 27 under 35 U.S.C. 101 for allegedly reciting non-statutory subject matter. The Patent Office suggested that the preamble “a computer-readable medium containing computer executable instructions for causing a computer of a mobile station to execute a method of operating with a network, the method comprising...” may overcome this rejection.

Rejection under 35 U.S.C. 112, second paragraph

The Patent Office rejected claims 3, 12, and 23 under 35 U.S.C. 112, second paragraph, as being indefinite because the Patent Office alleges that no particular version of the release 1997 format/standard has been recited in these claims.

As these claims have been canceled, Applicant respectfully requests that the Patent Office withdraw its rejection of claims 3, 12, and 23 under 35 U.S.C. 112, second paragraph.

The Patent Office is respectfully requested to reconsider and remove the rejections of the claims 9-13 and 27 under 35 U.S.C. 101 and claims 3, 12, and 23 under 35 U.S.C. 112, second paragraph, and to allow all of the pending claims 1, 4-11, 13, 17-22, 24-29, and 32-41 as now presented for examination. An early notification of the allowability of claims 1, 4-11, 13, 17-22, 24-29, and 32-41 is earnestly solicited.
